Workshops | Classes | Art Camps

1. Ralph Simpson Foraged Fibre Basket Workshop on May 29 from 9am to 4:30pm at Gallery 78

Join plant fibre artist Ralph Simpson for a foraged fibre basketry workshop, designed for beginners yet with the scope to accommodate the interests of intermediate basket weavers as well. Ralph will be introducing locally-collected plant fibres namely, common rush (*Juncus effusus*), as well as daylily, iris blades, and some grasses.

Participants will learn about foraging for fibre, processing and storage techniques, and how to prepare the fibres for use in weaving. Ralph will provide all necessary materials for creation of a small basket and will equip participants with the knowledge to continue on their own in this age-old practice, after completing the workshop. Participants must bring secateurs or kitchen scissors, and a hand towel to work on. They may also bring any weave-able fibre that can embellish their basket.

Ralph Simpson has developed an innovative method of weaving, bending and sculpting wood and plant fibre to create three dimensional work. His gracefully formed works often blend bold colour and innovative material with the ephemeral fibres to achieve a perfect balance. He has exhibited his work locally, nationally and internationally and has facilitated many workshops. When foraging plant fibre, he employs principles that respect environmental sustainability.

The cost for the workshop is \$130. COVID-19 restrictions will be adhered to, masks will be worn and sanitizer will be provided. Registration is limited. Please call 454-5192 or email art@gallery78.com. [Back to top.](#)

Two separate groups will create on May 29, and then on the 30, they will come together. For more information or to register, email jeri@artslinknb.com, or visit <https://artslinknb.com/event/fan-zine-workshop-with-french-comic-artist-elizabeth-holleville-group-2/2021-05-30/>. [Back to top.](#)
